

NEWSLETTER of the KINGSTON & DISTRICT SPORTS HALL OF FAME

VOLUME 5, #1, APRIL, 2007

PRESIDENT'S MESSAGE:

As we make our way towards the 2007 Induction Ceremony, it is our hope that many of you will be able to attend the Media Luncheon and Induction Dinner.

The Kingston Regional Sports and Entertainment Centre appears to have received the final go ahead from City Council. A new building is an exciting prospect but not without negotiations. We have met and are meeting again with the architects to put forward our needs with respect to the interior design and the identification of the zone that will be dedicated to the Kingston & District Sports Hall of Fame.

We are now able to consider the organization of the present and future inductees to meet from time to time in a social way for the purpose of giving constructive suggestions and criticism to the Board of Directors. Also, we would ask you to help us with projects that require hands on participation . Please let us have your comments on these important initiatives.

I would remind you that we now have storage facilities to accept your donations of memorabilia. Better to be preserved and seen by many than stored in your closet and be invisible.

Bill Huntley
